

SONOMA

West Linn Paper's Sonoma® brand has been an industry standard for decades. Solid runnability, versatility, quality and reliable performance are just a few of the reasons that printers and merchants turn to Sonoma when specifying a #3 coated freesheet web grade.

The Sonoma sheet delivers a smooth, blue-white sheet with excellent opacity and ink holdout. With an 88 brightness, a wide range of available text, cover and caliper weights and gloss, dull or matte finishes, Sonoma offers the versatility needed for almost all coated web printing projects. Sonoma is a high-value sheet that consistently delivers solid print performance and great looking results.

Printers, catalog and magazine publishers, designers and corporate end-users have come to rely on the consistency of Sonoma. Solid performance job after job, responsive customer service and a flexible manufacturing process mean that you can rely on West Linn Paper to deliver order after order.
